

LOOK OUT FOR CHILDREN, PEOPLE BICYCLING

National Bike Month events across the Dallas-Fort Worth area will promote bicycling as a healthy, fun way to get to school and work.

When driving, always look out for people bicycling and allow for three or more feet when passing them.

Driving the speed limit increases safety for all road users, and following school zone speed limits is especially important.

Visit LookOutTexans.org for more tips to bicycle, walk and drive safely.
